

## **Staff Report:**

Issue: Consider Asteria Hotel Reopening and Hotel License Renewal

---

### **BACKGROUND:**

In June of 2019, Asteria Hotel was closed due to a number of violations under the Hotel Ordinance. Many of the violations related to the property conditions and required the property to be improved prior to it being allowed to re-open. The Building Department, along with the County Health Department and the State have all been involved in ensuring that the proper work was completed in order for them to be considered for reopening. Building Official, Jeff Howe, will be present to discuss the status of this facility and will provide the Council with his recommendations that could be considered as conditions to allow them to reopen the facility with hotel license renewal. This will be presented at the meeting.

In addition to this, Asteria has also applied for the renewal of their hotel license. All applicable fees and paperwork have been provided to the City. This would require council action.
