

Staff Report: Approve Resolutions/MOU's for H.S.A Plans

The City has received our 2021 health insurance rates from Health Partners. As part of this, the City approves MOU's with each of our bargaining units and non-union employees on how insurance premiums and the amounts of funds placed in the H.S.A. accounts for employees. We have reached agreements with two of the four unions and have included those two MOU's in addition to the non-union MOU. All MOU's reflect the same plan and dollar amounts but will require separate action on each item.
