

Staff Report:

Issue: Consider Extension of Facility Lease Agreement with CentraCare Health System

BACKGROUND:

CentraCare would like to continue mobile COVID19 testing and using our facility located at 602 3rd Street South. This would be to continue their needs on a temporary basis. Attached is a draft of an amended agreement between the City of Waite Park and CentraCare that outlines the terms. The agreement has been reviewed by our legal counsel and staff already.

The former public works building will still be accessible for cold mix as it was this past year. The facility remains a great location to provide this testing and is believed to be a great community need that staff believes the city council should consider this agreement.
